### **PURPOSE AND SCOPE**

This report is a supplement to the Master Engineer's Report dated June 2020 and describes the portion of the District's Capital Improvements Plan (the "CIP") included in the second phase of development (the "2022 Project"). The purpose of this report is to outline the scope of the 2022 Project and provide a description of the public infrastructure improvements comprising the 2022 Project that may be financed and constructed or acquired by the District all or in part through the issuance of its Capital Improvement Revenue Bonds, Series 2022 (the "2022 Bonds"). Only those improvements in the 2022 Project eligible to be funded with proceeds of tax-exempt 2022 Bonds and any improvements constructed as part of the 2020 Project that were not funded by the District's Capital Improvement Revenue Bonds, Series 2020 (the "2020 Bonds") will be financed by the District. A portion of these public infrastructure improvements may be completed by i) the District, or ii) by Locust Branch, LLC (the "Developer"), the primary developer of the Master Development, or iii) by Taylor Morrison of Florida, Inc. (the "Esplanade Developer"), the primary developer of lands within the District, and acquired by the District with proceeds of bonds issued by the District. The Developer will finance and construct the balance of the infrastructure improvements needed for the District that are not financed by the District through the 2022 Bonds or a future bond issuance.

The 2022 Project, as outlined herein, is necessary for the functional development of the District as required by Pasco County, Florida, the Southwest Florida Water Management District, and the United States Army Corps of Engineers.

The 2022 Project described in this report reflects the District's present intentions. The implementation and completion of the 2022 Project outlined in this report requires final approval by the District's Board of Supervisors, including the approval for the purchase of site related improvements. Cost estimates contained in this report have been prepared based on the best available information, including current contract unit prices, bid documents and pay requests where available. These estimates may not reflect final engineering design or complete environmental permitting. Actual costs will vary based upon final plans, design, planning, approvals from regulatory authorities, inflation, etc. Nevertheless, all costs contained herein, may be reasonably expected to adequately fund the improvements described, and contingency costs as included are reasonable.

### 2022 PROJECT

The 2022 Project includes completed and planned infrastructure improvements that will provide special benefit to all assessable land within the District. In particular, the 2022 Project includes construction of roadways and associated public infrastructure, including streetlighting/undergrounding, stormwater/drainage, potable water, sewer and re-use water main extensions, and landscaping and irrigation improvements within and adjacent to public rights-of-way of certain phases of Wiregrass Ranch Boulevard and Chancey Road, and associated soft costs such as environmental mitigation, professional fees and permitting costs. Said improvements are a portion of the total public improvements in the CIP as described in the Master Engineer's Report.

The estimated total cost of the 2022 Project is \$18,272,254. In addition, an estimated \$3,649,406 of improvements constructed as part of the 2020 Project that were not funded by the 2020 Bonds would be eligible for funding from the 2022 Bonds. Refer to **Table 1** for a summary of the costs by infrastructure category from the Master Engineer's Report for the completed and planned CIP expenditures relative to the 2020 and 2022 Projects.

### (i) ROADWAY AND ASSOCIATED INFRASTRUCTURE

Roadway and associated infrastructure improvements included in the 2022 Project consist of improvements as further described in the Master Engineer's Report and as summarized and described as follows:

- Wiregrass Ranch Boulevard Phase 3B (from 2020 Project)
- Wiregrass Ranch Boulevard Phase 4A, 4B, 4C and 4D (from 2020 Project)
- Chancey Road Phase 3 (2022 Project)
- Chancey Road Phase 4 (2022 Project)

Construction of Wiregrass Ranch Boulevard Phases 3B and 4A–4D is nearing completion and the majority of the costs were included in funding requisitions from the 2020 bond funds. Any costs not included in previous requisitions may be included in a funding requisition in 2022. Chancey Road Phase 3 is fully

designed and permitted with all agencies, but no improvements have been started. Design and permitting for Chancey Road Phase 4 has not commenced.

### (ii) ENVIRONMENTAL CONSERVATION/MITIGATION

There are 6.74 +/- units of permanent forested and herbaceous wetland impacts associated with the proposed construction of the District's infrastructure which, pursuant to applicable SWFWMD and ACOE approvals, will require purchase of 4.84+/- units of wetland mitigation bank credits and the creation of onsite mitigation for the remaining units. The costs associated with mitigation creation and bank credits are included in the CIP. Locust Branch had previously constructed or had overseen the construction of wetland mitigation to serve all of Wiregrass Ranch Blvd. that is included within the CIP, including the 2020 Project.

#### (iii) PROFESSIONAL FEES

Professional fees allocable to the 2022 Project include civil engineering, costs for site design, permitting, inspection and master planning, survey costs for construction staking and record drawings as well as preparation of preliminary and final plats, geotechnical cost for pre-design soil borings, under drain analysis and construction testing and landscape architecture costs. Also included in this category are fees associated with environmental consultation and permitting and legal fees.

#### OWNERSHIP AND MAINTENANCE

The ownership and maintenance responsibilities of the proposed infrastructure improvements are fully described in the Master Engineer's Report.

### **PROJECT COSTS**

The 2022 Project's identifiable total costs associated with the infrastructure improvements are estimated to be \$18,272,254. An additional \$3,649,406 of costs associated with the infrastructure improvements from the 2020 Project that were not funded from proceeds of the 2020 Bonds will be eligible to be funded from proceeds of the 2022 Bonds. A portion of the 2022 Project is expected to be complete by December 31, 2026 with the balance being completed by December 31, 2030.

The summary of estimated project costs shown below in **Table 1**, outlines the anticipated costs associated with the construction and acquisition of public infrastructure comprising the 2022 Project.

The cost estimates set forth herein are estimates based on current plans and market conditions, which are subject to change. Accordingly, the "2022 Project" as used herein refers to sufficient public infrastructure of the kinds described herein to support the development and sale of the planned residential units, which (subject to true-up determinations) number and type of units may be changed with the development of the District. Stated differently, during development and implementation of the public infrastructure improvements as described for the District, it may be necessary to make modifications and/or deviations for the plans, and the District expressly reserves the right to do so.

### SUMMARY AND CONCLUSION

The infrastructure, as outlined above, is necessary for the functional development of the District as required by the applicable independent units of local government. The planning and design of the infrastructure is in accordance with current governmental regulatory requirements. The infrastructure will provide its intended function so long as the construction is in substantial compliance with the design and permits. The platting, design and permitting of the site plan are ongoing at this time and there is no reason to believe such permitting will not be obtained.

Items of construction in this report are based on current contract unit prices and current plan quantities for the infrastructure construction as shown on the master plans, conceptual plans, construction drawings and specifications, last revisions. It is the professional opinion of Atwell that the estimated infrastructure costs provided herein for the District improvements are reasonable to complete the construction of the infrastructure described herein and that these infrastructure improvements will benefit and add value to all lands within the District. All such infrastructure costs are public improvements or community facilities as set forth in Section 190.012(1) of the Florida Statutes. Further, the CIP, including the 2022 Project, functions as a system of improvements benefitting all lands within the District.

The infrastructure total construction cost developed in this report is only an estimate and not a guaranteed maximum price. The labor market, future costs of equipment and materials, and the actual construction processes frequently vary and cannot be accurately forecasted. Due to this inherent opportunity for fluctuation in cost, the total final cost may be more or less than this estimate.

The professional services for establishing the opinion of estimated construction cost are consistent with the degree and care and skill exercised by members of the same profession under similar circumstances.

#### **RESOLUTION 2022-05**

A RESOLUTION SETTING FORTH THE SPECIFIC TERMS OF THE WIREGRASS II COMMUNITY DEVELOPMENT DISTRICT'S CAPITAL IMPROVEMENT REVENUE BONDS, SERIES 2022; CONFIRMING THE DISTRICT'S PROVISION OF THE SERIES 2022 PROJECT AND ADOPTING A SUPPLEMENTAL ENGINEER'S REPORT; CONFIRMING, AND ADOPTING A SUPPLEMENTAL ASSESSMENT REPORT; CONFIRMING, ALLOCATING AND AUTHORIZING THE COLLECTION OF SPECIAL ASSESSMENTS SECURING SERIES 2022 BONDS; PROVIDING FOR THE APPLICATION OF TRUE-UP PAYMENTS; PROVIDING FOR THE SUPPLEMENT TO THE IMPROVEMENT LIEN BOOK; PROVIDING FOR THE RECORDING OF A NOTICE OF SERIES 2022 SPECIAL ASSESSMENTS; PROVIDING FOR CONFLICTS, SEVERABILITY AND AN EFFECTIVE DATE

**WHEREAS**, the Wiregrass II Community Development District (the "District") has previously indicated its intention to undertake, install, establish, construct or acquire certain public infrastructure improvements within the District, and to finance such improvements through the imposition of special assessments on benefitted property within the District and the issuance of bonds; and

**WHEREAS**, the District's Board of Supervisors (the "Board") has previously adopted, after notice and public hearing, Resolution 2020-11, relating to the imposition, levy, collection and enforcement of such special assessments; and

**WHEREAS**, pursuant to and consistent with the terms of Resolution 2020-11, this Resolution shall set forth the terms of bonds actually issued by the District, and apply the adopted special assessment methodology to the actual scope of the project to be completed with a series of bonds and the terms of the bond issue; and

**WHEREAS**, on \_\_\_\_\_\_, 2022, the District entered into a *Bond Purchase Agreement* whereby it agreed to sell \$\_\_\_\_\_ of its Capital Improvement Revenue Bonds, Series 2022 (Assessment Area Two) (the "Series 2022 Bonds"); and

**WHEREAS**, pursuant to and consistent with Resolution 2020-11, the District desires to set forth the particular terms of the sale of the Series 2022 Bonds and confirm the lien of the special assessments securing the Series 2022 Bonds on the lands within Assessment Area Two within the District.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE WIREGRASS II COMMUNITY DEVELOPMENT DISTRICT AS FOLLOWS:

**SECTION 1. AUTHORITY FOR THIS RESOLUTION.** This Resolution is adopted pursuant to the provisions of Florida law, including Chapters 170 and 197, *Florida Statutes*, and Resolution 2020-11.

**SECTION 2. FINDINGS.** The Board of Supervisors of the Wiregrass II Community Development District hereby finds and determines as follows:

- (a) On August 27, 2020, the District, after due notice and public hearing, adopted Resolution 2020-11, which, among other things, equalized, approved, confirmed and levied special assessments on all of the lands within the District benefitting from the infrastructure improvements authorized by the District. That Resolution provided that as each series of bonds was issued to fund all or any portion of the District's infrastructure improvements within the District, a supplemental resolution would be adopted to set forth the specific terms of the bonds and certifying the amount of the lien of the special assessments securing any portion of the bonds, including interest, costs of issuance, the number of payments due, the True-Up amounts and the application of receipt of True-Up proceeds.
- (b) The *Supplemental Engineer's Report*, dated April 2022 which is attached to this Resolution as **Exhibit A** (the "Supplemental Engineer's Report"), identifies and describes the capital infrastructure improvements providing benefit to "Assessment Area Two" included within the District's "Series 2022 Project," a portion of which project is to be financed with the Series 2022 Bonds. The District hereby confirms that the Series 2022 Project serves a proper, essential and valid public purpose. The Supplemental Engineer's Report is hereby confirmed. The District ratifies its use in connection with the sale of the Series 2022 Bonds.
- (c) The Final Supplemental Special Assessment Allocation Report (Series 2022 Bonds), dated \_\_\_\_\_\_, 2022, attached to this Resolution as Exhibit B (the "Supplemental Assessment Report"), applies the adopted Master Assessment Methodology Report for the District to the actual terms of the Series 2022 Bonds. The Supplemental Assessment Report is hereby approved, adopted and confirmed. The District ratifies its use in connection with the sale of the Series 2022 Bonds.
- (d) The Series 2022 Project will specially benefit all of the developable acreage within Assessment Area Two. It is reasonable, proper, just and right to assess the portion of the costs of the Series 2022 Project financed, in part, with the Series 2022 Bonds to the specially benefited properties within Assessment Area Two, as set forth in Resolution 2020-11 and this Resolution.
- SERIES 2022 BONDS. As provided in Resolution 2020-11, this Resolution is intended to set forth the terms of the Series 2022 Bonds and the final amount of the lien of the special assessments securing those bonds. The Series 2022 Bonds, in a par amount of \$\\_\_\_\_\_\_ shall bear such rates of interest and maturity as shown on Exhibit C attached hereto. The final payment on the Series 2022 Bonds shall be due on May 1, 20\_\_\_\_. The sources and uses of funds of the Series 2022 Bonds shall be as set forth in Exhibit D. The debt service due on the Series 2022 Bonds is set forth on Exhibit E attached hereto. The lien of the special assessments securing the Series

2022 Bonds on all developable land within Assessment Area Two within the District shall be the principal amount due on the Series 2022 Bonds, together with accrued but unpaid interest thereon, and together with the amount by which annual assessments are grossed up to include early payment discounts required by law and costs of collection. The Series 2022 Bonds are secured solely by the lien against lands within Assessment Area Two within the District.

## SECTION 4. ALLOCATION OF ASSESSMENTS SECURING SERIES 2022 BONDS.

- (a) The special assessments for the Series 2022 Bonds shall be allocated in accordance with **Exhibit B**, which allocation shall initially be on a per acre basis and further allocated as lands are platted. The Supplemental Assessment Report is consistent with the District's Master Assessment Methodology Report. The Supplemental Assessment Report, considered herein, reflects the actual terms of the issuance of the District's Series 2022 Bonds. The estimated costs of collection of the special assessments for the Series 2022 Bonds are as set forth in the Supplemental Assessment Report.
- (b) The lien of the special assessments securing the Series 2022 Bonds includes all developable land within Assessment Area Two within the District, as such land is ultimately defined and set forth in plats or other designations of developable acreage. To the extent land is added to Assessment Area Two, the District may, by supplemental resolution, determine such land to be benefited by the Series 2022 Project and reallocate the special assessments securing the Series 2022 Bonds and impose special assessments on the newly added and benefited property.
- (c) Taking into account earnings on certain funds and accounts as set forth in the *Master Trust Indenture*, dated November 1, 2020 and *Second Supplemental Trust Indenture*, dated May 1, 2022 and by and between the District and U.S. Bank Trust Company, National Association, successor-in-interest to U.S. Bank, National Association, as trustee, the District shall begin annual collection of special assessments for the Series 2022 Bonds debt service payments using the methods available to it by law. Debt service payments and semi-annual installments of interest are reflected on **Exhibit E**.
- (d) The District hereby certifies the special assessments for collection and directs staff to take all actions necessary to meet the time and other deadlines imposed by Pasco County and Florida law for collection. The District Manager shall prepare or cause to be prepared each year a tax roll for purposes of effecting the collection of the special assessments and present same to the District Board as required by law. The District Manager is further directed and authorized to take all actions necessary to collect any prepayments of debt as and when due and to collect special assessments on unplatted property using methods available to the District authorized by Florida law in order to provide for the timely payment of debt service on the Series 2022 Bonds.

**SECTION 5. APPLICATION OF TRUE-UP PAYMENTS.** Pursuant to Resolution 2020-11, there may be required from time to time certain True-Up payments. As lands are platted within Assessment Area Two, the special assessments securing the Series 2022 Bonds shall be allocated to the platted lands and the unplatted lands as set forth in Resolution 2020-11, this

Resolution, and the Supplemental Assessment Report, including, without limitation, the application of the True-Up process set forth in Section 8 of Resolution 2020-11. The True-Up calculations will be made in accordance with the process set forth in the Supplemental Assessment Report. The District shall apply all True-Up payments related to the Series 2022 Bonds only to the credit of the Series 2022 Bonds. All True-Up payments, as well as all other prepayments of assessments, shall be deposited into the accounts specified in the First Supplemental Indenture governing the Series 2022 Bonds.

**SECTION 6. IMPROVEMENT LIEN BOOK.** Immediately following the adoption of this Resolution these special assessments as reflected herein shall be recorded by the Secretary of the District in the District's Improvement Lien Book. The special assessment or assessments against each respective parcel shall be and shall remain a legal, valid and binding first lien on such parcel until paid and such lien shall be coequal with the lien of all state, county, district, municipal or other governmental taxes and superior in dignity to all other liens, titles, and claims.

**SECTION 7. OTHER PROVISIONS REMAIN IN EFFECT**. This Resolution is intended to supplement Resolution 2020-11, which remains in full force and effect. This Resolution and Resolution 2020-11 shall be construed to the maximum extent possible to give full force and effect to the provisions of each resolution. All District resolutions or parts thereof in actual conflict with this Resolution are, to the extent of such conflict, superseded and repealed.

**SECTION 8. ASSESSMENT NOTICE.** The District's Secretary is hereby directed to record a Notice of Series 2022 Special Assessments securing the Series 2022 Bonds in the Official Records of Pasco County, Florida, or such other instrument evidencing the actions taken by the District.

**SECTION 9. SEVERABILITY.** If any section or part of a section of this Resolution be declared invalid or unconstitutional, the validity, force and effect of any other section or part of a section of this resolution shall not thereby be affected or impaired unless it clearly appears that such other section or part of a section of this Resolution is wholly or necessarily dependent upon the section or part of a section so held to be invalid or unconstitutional.

**SECTION 10. EFFECTIVE DATE.** This Resolution shall become effective upon its adoption.

To the Board of Supervisors
Wiregrass II Community Development District
Pasco County, Florida

This letter is intended to communicate certain matters related to the planned scope and timing of our audit of Wiregrass II Community Development District's (the "District") financial statements as of and for the year ending September 30, 2021.

#### Communication

Effective two-way communication between our firm and the Board of Supervisors is important to understanding matters related to the audit and developing a constructive working relationship.

Your insights may assist us in understanding the District and its environment, identifying appropriate sources of audit evidence and providing information about specific transactions or events. We will discuss with you your oversight of the effectiveness of internal control and any areas where you request additional procedures to be undertaken. We expect that you will communicate to us any matters you consider relevant to the audit in a timely manner. Such matters might include strategic decisions that may significantly affect the nature, timing and extent of audit procedures, your suspicion or detection of fraud, or any concerns you may have about the integrity or competence of senior management.

We will communicate to you, in timely manner, any fraud involving senior management and other fraud that causes a material misstatement of the financial statements, instances of noncompliance with laws and regulations that come to our attention (unless they are clearly inconsequential), and disagreements with management and other serious difficulties encountered in performing the audit. We also will communicate to you and to management any significant deficiencies or material weaknesses in internal control that become known to us during the course of the audit. Other matters arising from the audit that are, in our professional judgment, significant and relevant to you in your oversight of the financial reporting process will be communicated to you in writing after the audit.

### Independence

Our independence policies and procedures are designed to provide reasonable assurance that our firm and its personnel comply with applicable professional independence standards. Our policies address financial interests, business and family relationships, and non-audit services that may be thought to bear on independence. Also, if an immediate family member or close relative of a partner or professional employee is employed by a client in a key position, the incident must be reported and resolved in accordance with firm policy. In addition, our policies restrict certain non-audit services that may be provided by Berger, Toombs, Elam, Gaines, and Frank and require audit clients to accept certain responsibilities in connection with the provision of permitted non-attest services.

### The Audit Planning Process

Our audit approach places a strong emphasis on obtaining an understanding of how your District functions. This enables us to identify key audit components and tailor our procedures to the unique aspects of your operations. The development of a specific audit plan will begin by meeting with you and with management to obtain an understanding of your District's objectives, strategies, risks and performance.

As part of obtaining an understanding of your District and its environment, we will obtain an understanding of internal control. We will use this understanding to identify risks of material misstatement, which will provide us with a basis for designing and implementing responses to the assessed risks of material misstatement. We will also obtain an understanding of the users of the financial statements in order to establish an overall materiality level for audit purposes. We will conduct formal discussions among engagement team members to consider how and where your financial statements might be susceptible to material misstatement due to fraud or error.

### The Concept of Materiality in Planning and Executing the Audit

We apply the concept of materiality in both planning and performing the audit; evaluating the effect of identified misstatements on the audit and the effect of uncorrected misstatements, if any, on the financial statements; and forming the opinion in our report on the financial statements, and determining or reporting in accordance with *Government Auditing Standards* and other compliance reporting requirements. Our determination of materiality is a matter of professional judgment and is affected by our perception of the financial information needs of users of the financial statements. We establish performance materiality at an amount less than materiality for the financial statements as a whole to allow for the risk of misstatements that may not be detected by the audit. We use performance materiality for purposes of assessing the risks of material misstatement and determining the nature, timing and extent of further audit procedures.

Board of Supervisors Wiregrass II Community Development District April 25, 2022 Page 3

### The Concept of Materiality in Planning and Executing the Audit (Continued)

Our assessment of materiality throughout the audit will be based on both quantitative and qualitative considerations. Because of the interaction of quantitative and qualitative considerations, misstatements of a relatively small amount could have a material effect on the current financial statements as well as financial statements of future periods. We will accumulate misstatements identified during the audit, other than those that are clearly trivial. At the end of the audit, we will inform you of all individual uncorrected misstatements aggregated by us in connection with our evaluation of our audit test results.

### Our Approach to Internal Control Relevant to the Audit

Our audit of the financial statements will include obtaining an understanding of internal control sufficient to plan the audit and determine the nature, timing and extent of audit procedures to be performed. An audit is not designed to provide assurance on internal control or identify significant deficiencies or material weaknesses. Our review and understanding of the District's internal control is not undertaken for the purpose of expressing an opinion on the effectiveness of internal control

We will issue a report on internal control related to the financial statements. This report describes the scope of testing of internal control and the results of our tests of internal control. Our report on internal control will include any significant deficiencies and material weaknesses in internal controls of which we become aware of as a result of our understanding and testing of internal controls consistent with the requirements of *Government Auditing Standards* issued by the Comptroller General of the United States.

### **Timing of the Audit**

We have scheduled preliminary audit field work for May 2022. Management's adherence to its closing schedule and timely completion of information used by us in performance of the audit is essential to timely completion of the audit.

### Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the District.
